If the adult pitcher does contact the ball, he/she should drop it immediately and the ball remains in play. If the coach intentionally interferes, the batter is out. Swinging strikes are called. NO WALKS.

Section 11.6 - Balk Rule (Illegal Pitch for Softball)

Section 11.11 - Collision Rule

When a defensive player has the ball and is waiting for the runner and the runner remains on his/her feet and

deliberately, with great force, crashes into the defensive player, the runner is to be declared out. EFFECT: The runner is out, the ball is dead, and all other runners must return to the last base touched at the time of the collision. If the act is determined to be flagrant, the offender shall be ejected from the game.

Clear and reasonable access to the base must be allowed to the runner at his/her approach to the base if the opposing player does not have possession of the ball or a reasonable chance to have possession at the runner's presumed contact (of great force) with an opposing player. The fielder without possession shall yield the baseline to the runner to avoid the contact for the sake of safety. EFFECT: The fielder shall have committed interference and the runner shall be allowed the base freely.

Section 11.12 - Bunting

In the Atoms and Petites Division of baseball and softball, bunting is prohibited. If the ball is bunted, the ball is dead and called a strike.
